To all Lebanon County fire companies and departments
To all interested parties

It has become increasingly difficult to find volunteers to help in the management of the Association. As we struggle to fill those positions of importance, we have come to question the ability of the Association to continue with our mission of support and training of the fire, rescue, and 1st responder community.

We urge you to consider the value of the purpose of our organization and consider how you might assist in that objective. Also, you may want to consider how the disbanding of our Association might impact your fire company's ability to serve your local community.
